- 1.2 These Standard Terms shall apply to all sales of Equipment and Services between Buyer and Seller unless otherwise agreed in writing by the Parties. The Contract, Standard Terms, and other appendixes to the Contract constitute the entire agreement between the Parties. The Standard Terms and the Contract/Order/Quotation constitute the complete transaction documents, and in case of any inconsistency between Contract/Order/Quotation and these Standard Terms, the latter shall prevail except for Clause 12.7 of these Standard Terms.
- 1.3 No modification to these Standard Terms shall be valid unless in writing and duly signed by a person authorized by Supplier.
- 1.4 No trade usage, precedent of trade or any acquiescence in the course of performance may constitute a supplement to these Standard Terms unless agreed upon by Buyer and Seller.
- 1.5 If the Contract/Order/Quotation is for the sale of Equipment only and does not include any Services, the service-related provisions of these Standard Terms shall not apply.
- 1.6 The invalidity of any provision of these Standard Terms/Contract/Order shall not affect the validity of other provisions not related thereto.
- 1.7 Once an Order has been accepted by Buyer, these Standard Terms shall constitute a contract or agreement between Buyer and Seller for the sale of Equipment and Services.

2 OFFER AND ACCEPTANCE

- 2.1 All Orders are subject to acceptance by the Seller. Seller reserves the right to accept or reject any Contract/Order, in whole or in part, and to make a counter-offer to Buyer that contains additional or different terms (including the terms and conditions of these Standard Terms) ("**Counter-Offer**").
- 2.2 Seller shall normally inform within thirty (30) days upon receipt of an Order whether it will accept the Order. Seller shall not be bound by any obligations except that Seller accepts the Order in writing or that the Equipment has been provided to Buyer prior to such acceptance.
- 2.3 All acceptance by Seller of an Order shall be conditional upon Buyer's acceptance of any Counter-Offer by Seller. Buyer may accept a Counter-Offer either by written confirmation, acceptance of the Equipment or payment for the Equipment, or in any other manner. Buyer may reject a Counter-Offer in writing within ten (10) days upon receipt, otherwise, Buyer shall be deemed to have accepted such Counter-Offer.
- 2.4 Upon Buyer's acceptance of a Counter-Offer, any provision of the Order or other Buyer documents that limits or restricts any such acceptance shall be null and void. Buyer agrees that Seller's failure to expressly object to any such terms or conditions shall not constitute Seller's acceptance thereof, nor shall it constitute Seller's acceptance of any waiver or modification of these Standard Terms.
- 2.5 Once an Order or Counter-Offer is accepted, these Standard Terms (including the accepted Order or the accepted Counter-Offer) shall constitute a contract between Buyer and Seller for Equipment or Services. An accepted Order or Counter-Offer may not be revoked, cancelled or modified except by mutual written consent of the Buyer and Seller.
- 2.6 For an Order which, in Seller's reasonable judgment, is expedited or urgent, Seller can make a Counter-Offer to Buyer at its premium rate. The Counter-Offer shall become effective upon acceptance by Buyer.

3 PRICE QUOTATIONS

- 3.1 Prices quoted for Standard Equipment remain valid for thirty (30) days from the Quotation date unless otherwise agreed in writing by the Parties.
- 3.2 Prices quoted for Non-Standard Equipment are estimates and may be increased without notice in the event of increases in Seller's costs of: (1) transport, labor and materials; (2) handling and complying with laws and regulations concerning hazardous materials; (3) handling, delivery and shipping; (4) energy or fuels; and/or (5) any other costs of supply or of Seller's performance arising between the time of quotation and the time of Supply.
- 3.3 Quotations for the above Equipment do not include costs for Services, installation and commissioning, unless otherwise agreed in writing by the Parties.
- 3.4 Prices quoted for the Services remain valid for ninety (90) days from the Quotation date unless otherwise agreed in writing by the Buyer and Seller. The Seller may propose additional processing and special handling after inspection on the Equipment. Unless expressly stated by Seller in Quotation, the quoted rate does not

include the costs for additional processing or special handling not indicated in the quotation requested by Buyer. Prior to such additional processing or special handling, Seller shall offer Buyer with rates for such costs and shall not commence providing such additional processing or special handling until Buyer's written confirmation of such rates has been obtained.

- 3.5 Once the Quotation has been accepted by Buyer, Quotation and these Standard Terms shall constitute the contract between the Parties. The accepted Quotation may not be unilaterally revoked, cancelled or modified by either Party unless otherwise agreed by Buyer and Seller.

- 4.1 The Contract/Order/Quotation is exclusive of any relevant taxes unless otherwise expressly agreed by the Parties. The relevant taxes and fees referred to herein include, but are not limited to, value added tax, national and/or local taxes, sales taxes, and levies and duties of any nature whatsoever applicable to the Equipment and/or Services.
- 4.2 All taxes shall be paid by Buyer, unless Buyer provides Seller with an exemption certificate acceptable to the relevant taxing authority.

These conditions shall apply to each batch of the Equipment delivered, regardless of subsequent deliveries, and Seller shall have the right to invoice Buyer separately for each batch of the Equipment delivered. Delay in delivery of the Equipment in any one batch shall not relieve Buyer of the obligation to accept the remaining deliveries.
